Scott,

I want to take this opportunity to acknowledge the relationship Group 70 International, Inc. has had with you over nearly the last ten years.

Our firm first met you when you were the owner's representative in charge of architect and contractor selection for a multistory medical office building in downtown Honolulu. Since our first meeting, we have continued to work with you on other projects primarily of a civil nature. You have provided continuous cost analysis and construction consultation and review of some of our projects on O'ahu and the neighbor islands. We have always found your services to be an asset to our team.

We look forward to working with you as our needs for civil construction expertise continue.

Sincerely,

Group 70 International, Inc.

Paul T. Matsuda, P.E.
Director of Civil Engineering
