RE: Recommendation for CFCC Application

Dear Mr. Jennings,

Per your request, I am providing this letter of recommendation as proof of your construction claims related experience. I am of the understanding that this letter is to support you in your pursuit of a CFCC (Certified Forensic Claims Consultant) designation.

I represented your construction company, Jennings Pacific LLC, in 2014 when you were the site subcontractor to a large national contractor on a 17-story residential tower. Initially you hired our firm to assist in filing a mechanic's lien on the property to facilitate prompt payment on your outstanding claim. We were successful in resolving this matter amicably shortly after my involvement.

Very little additional advice and recommendation from our firm was required due to the documentation which existed on the project as a result of your management of this matter. The documents provided by you, and mostly generated and assembled by you, clearly demonstrated an understanding of the contract and the necessary quantum meruit calculations needed to allow for quick financial settlement. Your ability to organize the claim, provide the original source supporting documentation, and put the claim into a clear and concise format led to a quick resolution.

I found you to be competent in the area of construction claim preparation and would not hesitate

Scott Jennings
